

Pet Stains and Odor Removal

Pet Stains and Odor Removal

Wee Clean, Inc. uses the latest in science and technology for strong odors. The products we use are professional commercial grade deodorizers and high breed enzymes not available in stores.

Wee Clean has an 11-Step process:

1. Pre-inspection
2. High breed enzyme the top of the carpet and back
3. Replace the pad
4. Seal the floor
5. Hot water extracts the back of the carpet
6. High breed enzyme back of carpet
7. Re-install carpet according to CRI section 104 & 105
8. Hot water extract the top of the carpet at 230 degrees
9. High breed enzyme top of carpet and commercial grade deodorizer
10. Urine stain remover
11. Final groom and walk through
